

March 10, 2022

As you "spring forward" on Saturday evening by turning your clocks ahead one hour for Daylight Saving Time, note also that when you come to church on Sunday morning, **mask wearing will be optional**. As announced this past Sunday during worship, because positive COVID cases and hospitalizations in our county continue to trend in the right direction, those who feel comfortable without wearing a mask indoors need not wear one. We ask you to respect those who choose to mask for a variety of reasons as we continue to be mindful of the most vulnerable among us. Sunday marks the two-year anniversary of the day on which COVID-19 brought our world to a grinding halt, and we give thanks that we are in a much better place today regarding this virus than we were on March 13, 2020.

Rev. Sue
